

18-dars. 4 soni va raqami

To'rt soni
4 raqami bilan yoziladi.

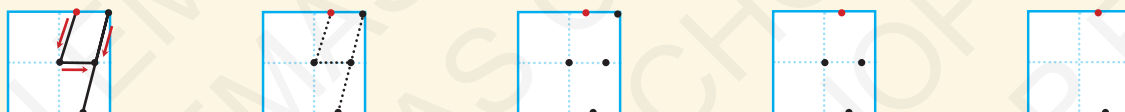

Sanang.

1. San'atkorlarni juftliklarga ajrating. Nechta juftlik hosil bo'ldi?

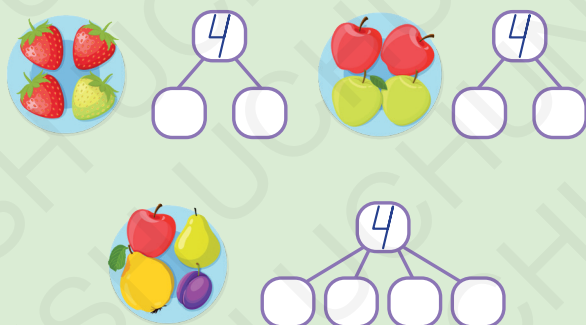

2. Nuqtalarni tutashtirib, 4 raqamini yozing.

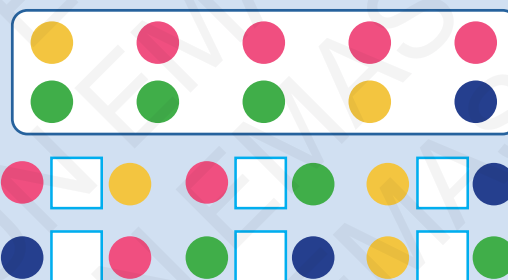

4	4	4																	
1 4	2 4	1 4																	

3. Mevalarni guruhlarga
ajrating. 4 soni qanday
sonlardan hosil bo'ladi?

4. Doirachalarni sanang.
Taqqoslang. Har bir
katakka $>$, $=$ va $<$
belgilaridan mosini
qo'ying.

5. Predmetlarni guruhlarga ajrating va bo'sh kataklarni to'ldiring.

Shakli	Rangi	O'lchami
$3 + \square = \square$	$2 + \square = \square$	$\square + \square = \square$
$\square - \square = \square$	$\square - \square = \square$	$\square - \square = \square$
$\square - \square = \square$		$\square - \square = \square$

6. Sonlarni kataklarga yozing va taqqoslang.

$3 > 1$

$\square = \square$

$\square < \square$

7. Misollardan qaysi biri rasimga to'g'ri keladi? Tagiga chizing. Javobi noto'g'ri misolni toping va uni o'chiring.

$4 - 1 = 2$	$3 - 1 = 2$
$3 + 1 = 4$	$2 + 2 = 4$

8. Sinfdoshingiz bilan musobaqalashing. 4 ta bir xil shakldan zanjir tuzing. Kim ko'proq zanjir tuzdi?
